The 2018 California State Legislative & HR Conference is a boutique conference for California human resource management, business professionals with California employees, and all leaders that have human resource responsibilities.

We attract over 500 high level human resource professionals including VP's, Directors and more – to California's largest human resources conference dedicated to California Employment Law and Legislative Advocacy.

The opportunity to Partner (sponsor 3+ consecutive years) or Sponsor is unique as selected partners and sponsors are in the main ballroom with the professionals throughout the conference. We only allow up to 10 partners (consecutive year sponsorships) and 6 sponsors. A maximum of 16 opportunities! We do our best to limit service providers to 1 per industry. No other conference will give you that spot, that only spot, that TOP SPOT, no competitors!

Position your organization face-to-face with HR decision makers.
